ERK PVC MAKİNE
PVC MIXING FEEDING DOSING SYSTEMS

# Turbo Mixer Impeller

The heart of the heating turbo mixer: impeller and blade sets in AISI 304 stainless steel, balanced and made in a geometry chosen for your recipe.

## Highlights

**AISI 304 stainless**
Impellers and blades are made of AISI 304 stainless steel.

**Supplied balanced**
Blades are balanced, so the shaft and bearings carry no needless load.

**Recipe-specific geometry**
We choose the geometry with you for rigid or soft PVC.

**From stock or 1–2 weeks**
Usually from stock; otherwise delivered within 1–2 weeks.

**Serial number is enough**
For Erk mixers we identify the right set from the serial number.

**Coating option**
Optional tungsten carbide coating for abrasive recipes.
